True Rating 3.5 stars :D

In Lady Takes the Case, the Bates family line has been a proud one that has worked very hard throughout the centuries to properly maintain its holdings and the Danby Hall estate but unfortunately for the current generation it looked as if the estate would be facing a changing of hands. Though, with the end in sight, this family would not go without a fight, doing everything they could to keep Danby Hall. The one thing that could be done immediately was marry off either of

True Rating 3.5 stars :D

In Lady Takes the Case, the Bates family line has been a proud one that has worked very hard throughout the centuries to properly maintain its holdings and the Danby Hall estate but unfortunately for the current generation it looked as if the estate would be facing a changing of hands. Though, with the end in sight, this family would not go without a fight, doing everything they could to keep Danby Hall. The one thing that could be done immediately was marry off either of the Bates's™ children, Patrick and Cecilia, to someone with money. It was this desperation that led the Bates family to consider an American heiress, Annabel Clarke, for Patrick as a possible match but, from the start, nothing went right were Annabel was concerned. After a guest falls prey to poisoning, the speculations start about who the poison was truly intended for and who the poisoner could be. As suspicion falls too close to home for Lady Cecilia Bates, she decides to undertake some amateur sleuthing along with the help of her new acquaintances.

For fans of historical cozy mysteries, Lady Takes the Case will be an appealing read. For readers who love animal sleuths, there is a cat, Jack, who is a part of the story but he is not an integral part as one would suspect from the series titled Manor Cat Mystery. I would call him a cute feline sidekick. What there are a lot of in this book are characters and they all have parts which had me flipping back and forth to keep the "who and what"™ straight. At the start there was much attention paid to descriptions about the everyday life for the characters involved as well as many details about the upcoming party and the preparations that were taking place for it. I felt like it took a long time for the murder to actually take place and the investigation to start. Once it did though, the mystery was a fun little whodunit. I was able to figure a few things out straight away but there were a couple of twists that I found kept my interest engaged. After the cliffhanger that Lady Takes the Case ends with, I am very curious about future turns of events. Overall, this story had delightful characters and I am curious to see where the next mystery takes them.

This review is based on a complimentary book I received from Berkley Prime Crime. It is an honest and voluntary review. The complimentary receipt of it in no way affected my review or rating.

The Lit Bitch

As soon as this book appeared on my desk I was eager to read it. I thought the cover was pretty and I love lady detective novels so basically this book was a must read for me.

I was looking for something light and just fun since I had come off reading a few heavier read, it sounded perfect.

This book boasts a well known romance writer writing under a pseudonym, though we are never told who the well known writer is. I was curious to see how that translated into a mystery novel, and I was admittedly

As soon as this book appeared on my desk I was eager to read it. I thought the cover was pretty and I love lady detective novels so basically this book was a must read for me.

I was looking for something light and just fun since I had come off reading a few heavier read, it sounded perfect.

This book boasts a well known romance writer writing under a pseudonym, though we are never told who the well known writer is. I was curious to see how that translated into a mystery novel, and I was admittedly even more curious about who said writer was.

This book had a lot of things that I enjoyed – great time period, non conventional ladies, budding romances, and cross class friendships. But something about this book fell a little short of my expectations. I thought Cecilia was a great heroine and fit the lady detective role well and I also enjoyed Jane, but I felt like their friendship was a little reaching when it came to how close they got and how fast.

I also thought it was interesting that the mystery series was named after the cat, but the cat didn't really have much to do with the mystery itself so I wondered if it was really necessary to include the cat in the series title or even at all in the story.

The mystery itself was not overly complex or twisty which was fine. It was clear that some of the characters were misrepresenting themselves which left enough doubt for the reader to question their motives and what they were hiding. But I was able to work out the mystery for the most part which was fine. I went into this one knowing that it was going to be more of a light read and I thought it met those expectations, but I was honestly expecting a little more from this one.

Maybe a little more romance (considering the author writes romance) or maybe a little more red herrings. I am not sure but I finished it feeling as though I wanted more over all but I also felt like I was eager to read the next mystery. So where did that leave me with this one? Considering I was satisfied with the ending and looking forward to the next one, I decided to go with a 3 star review for this new mystery. It was good but not outstanding.

Barbara Rogers

Series: Manor Cat Mystery #1

Publication Date: 11/26/19

Number of Pages: 304

*** 3.5 stars rounded up to 4 ***

This book covers a lot of firsts â€” I believe it is the first book by the author, it is the first book in this series and it is my first read by this author. I have to admit I was a bit hesitant to request this book because I wasnâ€™t sure if I was going to get a talking, magical cat or â€” well â€” something else. Happily, it turns out it is just a normal cat doing normal cat things and the

This book covers a lot of firsts â€” I believe it is the first book by the author, it is the first book in this series and it is my first read by this author. I have to admit I was a bit hesitant to request this book because I wasnâ€™t sure if I was going to get a talking, magical cat or â€” well â€” something else. Happily, it turns out it is just a normal cat doing normal cat things and the sleuthing is left up to the two ladies.

Betty

The first book in the Manor Cat series and a new author for me. The story is easy to read and very formulaic of a gothic novel. I realize the major turn early but there are several other turns. I did enjoyed the book and look forward to the next book.

It is 1912 England is in period where the economy has slack off. The Bates family is in trouble and might loose the Estate. The answer the heir must wed a wealthy heiress and an American Annabelle Clarke heiress and her maid Jane arrive at the Manor

It is 1912 England is in period where the economy has slack off. The Bates family is in trouble and might loose the Estate. The answer the heir must wed a wealthy heiress and an American Annabelle Clarke heiress and her maid Jane arrive at the Manor for a house party. Jane adopted a black and white cat on the ship. He is intelligent cat and quickly becomes a favorite with Lady Cecilia and is allowed the run of the Manor. Patrick, the heir to the Estate is a botanist growing poisonous plants to learn about them.

At the ball to welcome Annabelle to the Manor a guest collapses, and he was poison by an herb making Patrick a suspect in the murder. Lady Cecilia and Jane set out to clear Patrick's name. Are they successful. The ending is unique. I HIGHLY RECOMMEND THIS BOOK.

Lady Cecilia Bates

Christina (Confessions of a Book Addict)

3.5 stars - This was so much fun! I was recovering from surgery and this book was the PERFECT read during this time. It's a historical mystery that takes place at a manor house in England. There's the upstairs/downstairs drama, some romance, a murder, dinner parties, and more. If you like Downton Abbey, you will enjoy this one! Full review to come.
