I enjoyed this book quite a bit. I like to read the occasional historical romance and this one looked like it would be worth a try. This is the first book in the Hazards of Dukes series and I thought that it kicked off the new series quite well. I was hooked by this story in the first few pages and found the book to be a very pleasant read. I am so glad that I decided to pick up this book.

Sebastian, Duke of Hasford, finds his life

I enjoyed this book quite a bit. I like to read the occasional historical romance and this one looked like it would be worth a try. This is the first book in the Hazards of Dukes series and I thought that it kicked off the new series quite well. I was hooked by this story in the first few pages and found the book to be a very pleasant read. I am so glad that I decided to pick up this book.

Sebastian, Duke of Hasford, finds his life changed through no fault of his own. Because of a lie his mother told, he is no longer a Duke. He had his life figured out before but now he must find a new path. He has to learn how to do a lot of things for himself that have always been done for him. He is up to the task and doesn't want help from his cousin who is the new Duke or his friend who happens to be a Duke.

Ivy runs a gaming club, Miss Ivy's. Her club is a little different in that she expects debts to be settled right away and anyone who can pay is allowed to play. Ivy was once considered a Lady but she decided to gamble to win back her future which was lost by her father. Ivy's won that card game and her freedom but it changed how others looked at her. She is very competent to run the club and is surrounded by a very dedicated staff but she decided to take a chance and offer a job to Sebastian.

I really liked Ivy and Sebastian. They have both had to deal with some pretty big changes in their lives and are doing what they can to move forward. They are both very invested in making sure that their loved ones get the best in life. I loved the chemistry that they shared and I really liked the way they were able to work as a pair. These two just seemed to fit with each other perfectly.

3.5 stars

I'm pretty much going to read anything with Megan's name on it, so I didn't even read the synopsis before requesting.

I really liked Ivy and Sebastian. At first it seems like they're coming from different places, but I quickly realized they've worked to become what they are. She speaks up for herself and her learning to be a commoner and it was enjoyable reading them figure it out. I loved Ivy's sister Octavia and Sebastian's friend Nash and can't wait to hopefully see more of them.

I really liked Ivy and Sebastian. At first it seems like they're coming from different places, but I quickly realized they've worked to become what they are. She speaks up for herself and her learning to be a commoner and it was enjoyable reading them figure it out. I loved Ivy's sister Octavia and Sebastian's friend Nash and can't wait to hopefully see more of them.

Plot wise, it was okay. There isn't any real sense of urgency or conflict, so the story just meanders along. There were some odd word choices and seemingly repetitive scenes that kept jolting me out of the story. And as much as I enjoyed their HEA, it didn't seem like anything had actually been achieved.

Overall, it was the characters who kept me reading. Oh, and the promise of what's to come in the series. I will definitely be reading the second book.

Huge thanks to Avon for providing the arc free of charge

Sheena ~ Oh, the Sheenanigans!

It wasn't too shabby. The chemistry was undeniable and I thought they made an ideal pairing though the whole 'game kink' was not up my alley. Nevertheless it wasn't a bad read and would definitely categorize this as mediocre.

Never Kiss a Duke

A Hazards of Dukes Novel

Megan Frampton

Release date 1/28/2020

Publisher Avon

Blurb :

Everything he had ever known was a lie!

Sebastian, Duke of Hasford, has a title, wealth, privilege, and plenty of rakish charm. Until he discovers the only thing that truly belongs to him is his charm. An accident of birth has turned him into plain Mr. de Silva. Now, Sebastian is flummoxed as to what to do with his life—until he stumbles into a gambling den

Never Kiss a Duke

A Hazards of Dukes Novel

Tracy Emro

In the blink of an eye Sebastian's life changed, one minute he was Sebastian Dutton, the Duke of Hasford and the next, thanks to his mother, he was Sebastian de Silva, illegitimate son of the former Duke and his cousin, Thaddeus is now the duke. After making Thad promise to take care of his older half-sister Ana Maria, a stunned and more than a little upset Sebastian goes to see his friend Nash, the Duke of Malvern. Nash decides that Sebastian needs a night out and they visit a new gaming club

In the blink of an eye Sebastian's life changed, one minute he was Sebastian Dutton, the Duke of Hasford and the next, thanks to his mother, he was Sebastian de Silva, illegitimate son of the former Duke and his cousin, Thaddeus is now the duke. After making Thad promise to take care of his older half-sister Ana Maria, a stunned and more than a little upset Sebastian goes to see his friend Nash, the Duke of Malvern. Nash decides that Sebastian needs a night out and they visit a new gaming club Miss Ivy's.

Ivy Holton's life was also thrown into disarray by a parent, she was born the daughter of a baron, but the flip of a card ruined her " her father wagered her hand in marriage and lost, unwilling to accept that, Ivy took matters in her own hands and challenged her would be groom to game and won her freedom " but the cost was her reputation and standing in society. Upon the death of her father, Ivy took her meager inheritance and her younger sister Octavia and moved to London. She opened Miss Ivy's with the idea that she could make enough money to buy a cottage somewhere and give Octavia choices that were stolen from Ivy. When Nash and Sebastian first arrive, Ivy is intrigued by Sebastian, but as the night wears on Sebastian begins to cause trouble with the other patrons, but before she has to ask him to leave, Nash steps in and takes him home. Ivy is upset and hopes she never has to see him again.

The next day, Sebastian learns of his actions at Miss Ivy's and feels the need to talk to her, he tracks her down and apologizes, Ivy is gracious and forgives him, they talk and he has some good ideas that she would like to implement with his permission, he agrees and takes his leave. But later that night, he returns and saves Ivy from being robbed, he is injured in the fight and Ivy takes care of him. When he wakes, she asks if he would like to work for her " she offers him a salary and room/board. Sebastian accepts and then goes to tell his family of his plans.

Nash really has no concerns about his new job, but Thad and Ana Maria are very upset and don't understand why he refuses to stay with them and basically still run the dukedom. Sebastian tries to explain that he needs to prove something to himself, prove that he is not worthless without the title, but they still don't understand. Ana Maria is especially upset, Sebastian's mother was her step-mother and treat Ana Maria horribly, Sebastian was her protector, even though he is younger than she is, she doesn't want him to leave, but agrees to give him time as long as he promises to visit her.

Sebastian and Ivy settle into a routine and all is going well, until a kiss changes everything. Sebastian knows that he wants Ivy in his life, but when he is offered the chance to return to society and redeem his reputation, will he take it or will he find way to return on his own terms and more importantly, does Ivy want to return?

I really enjoyed this book, it was a fun read and Sebastian and Ivy are very likable, the plot stayed on point, the banter was witty, the love scenes steamy and the ending satisfying. I did find Ana Maria a bit odd " she is older than Sebastian, but since the author never gave the reader any definitive ages, I have no idea how old she is, but she seemed much younger than Sebastian, almost child-like and somewhat needy. I didn't dislike her, but I didn't understand why Sebastian felt the need to treat her so gently and wondered if she was mentally challenged, but later I realized that Sebastian felt guilty that she was abused by his mother and became overly protective of her as a result. Anyway, I liked this book and would be happy to recommend this book and I am looking forward to the next book in the series (I think Ana Maria is the heroine in the next book, so I am very interested to see if the author can change my perception of her).

I am voluntarily leaving a review for an uncorrected eARC that was provided to me by Edelweiss and the publisher.
