Despite what should have been a rather interesting tangent into Alice in Wonderland meets the Mummy with our favorite crew of strong women torn from the pages of Victorian-era penny dreadfuls and classic fantasy literature, this particular book kinda fell flat.

Not particularly bad, mind you, and I did kinda enjoy the whole idea of the Mesmerism meets the Theosophical Society meets the Golden Dawn meets Professor Moriarty... but the the way it was executed? I honestly lost interest de

Despite what should have been a rather interesting tangent into Alice in Wonderland meets the Mummy with our favorite crew of strong women torn from the pages of Victorian-era penny dreadfuls and classic fantasy literature, this particular book kinda fell flat.

Not particularly bad, mind you, and I did kinda enjoy the whole idea of the Mesmerism meets the Theosophical Society meets the Golden Dawn meets Professor Moriarty... but the the way it was executed? I honestly lost interest despite my initial gung-ho attitude.

We're dealing with a progression of new characters while the old ones kinda languish in the pudding. Or rather, the cakes. Lots of cakes.

What might have made this pretty excellent? A total PoV switchover, ignoring the old crew except perhaps as plot crossovers and eventual induction, while going deep into the whole ancient Egyptian plot some other way. I don't know. It just felt like a missed opportunity, and yet, without it, it might have made meeting Wilde and Dorian a little weird.

Don't get me wrong. It's still up there with the first two, but not quite as fresh and shiny.

Forget the League of Extraordinary Gentlemen, because now we have The Athena Club. I guess we could call it the League of Monstrous Gentlewomen. Another of the feminist versions of the Victorian time period with plenty of girl power (although the main characters do get justifiably huffy about being called girls when they are full grown women).

Even the female villains outsmart their male counterparts in this particular volume. The women of the Athena Club may sometimes doubt their abi

Forget the League of Extraordinary Gentlemen, because now we have The Athena Club. I guess we could call it the League of Monstrous Gentlewomen. Another of the feminist versions of the Victorian time period with plenty of girl power (although the main characters do get justifiably huffy about being called girls when they are full grown women).

Even the female villains outsmart their male counterparts in this particular volume. The women of the Athena Club may sometimes doubt their abilities, but they pull off the caper (with the help of Ayesha of course). Just like most women, they doubt themselves unnecessarily. Plus, they get to rescue Sherlock Holmes!

I know that this series is technically wrapped up with this third book, but it seems to me that there are enough loose threads and unexplored avenues that further adventures could follow, if the author can persuade the publisher to continue. Fingers crossed that there will eventually be another book about the Athena Club!

The Diana and Mary Comedy Hour is back, and instead of wandering all over Europe, like they did in book two, the Athena Club has plenty to do in London. Sherlock is missing, Alice is kidnapped, and the young women have much detecting to do to find both individuals.

While I found book two of this trilogy a little too long, I didn't find that the plot dragged this time

around. In fact, I found myself laughing more at Diana's antics (insulting everyone else and stuffing her face with nummies) and e

The Diana and Mary Comedy Hour is back, and instead of wandering all over Europe, like they did in book two, the Athena Club has plenty to do in London. Sherlock is missing, Alice is kidnapped, and the young women have much detecting to do to find both individuals.

While I found book two of this trilogy a little too long, I didn't find that the plot dragged this time around. In fact, I found myself laughing more at Diana's antics (insulting everyone else and stuffing her face with nummies) and enjoying Mary's long-suffering attitude toward her younger sister more, and the way all the young women's different capabilities were used in the story., and how well they continued to work together. I'm glad we finally got to learn more about Alice, and watch her come into her own.

I really enjoyed the way Theodora Goss wrote these stories, with the narrative interrupted frequently by the members of the Athena Club to discuss their feelings about the situation or each other, or for the women to chide Catherine's constant marketing of the stories. The device added lots of humour to the story, and provided lots of great character moments for each of the women. I'm a little sad I can't spend time with the Athena Club in further adventures.

## Lindsay

The third book in the series has the Athena Club back in London and mostly reconciled with the Soci t  des Alchimistes, but looking into the abduction of Sherlock Holmes and the Athena Club's own maid Alice.

This is a much more concise volume than the previous one and the return to England feels more like familiar ground for the club members. Which is probably the biggest problem here. The first book got the band together, and there was lots of character development as the "monsters" of the club

The third book in the series has the Athena Club back in London and mostly reconciled with the Soci t  des Alchimistes, but looking into the abduction of Sherlock Holmes and the Athena Club's own maid Alice.

This is a much more concise volume than the previous one and the return to England feels more like familiar ground for the club members. Which is probably the biggest problem here. The first book got the band together, and there was lots of character development as the "monsters" of the club found each other. The second book explored Europe and expanded the cast enormously. But this one doesn't cut much new ground at all, with perhaps the only character development being with Alice/Lydia Raymond and small progress with Mary Jekyll.

Still entertaining, and the writing trick being used for these continues to work for me, but this one feels a bit like treading water.

## Veronique

3.75\*

My expectations were exceedingly high for this third instalment, in light of the quality of the previous two titles. Maybe too high... It s the problem when you keep getting amazing reads from an author. It becomes the norm, and when you get something still very good but not top notch, you get a little disappointed.

This novel features once more the colourful members of the Athena Club, this time focused on finding Alice and Sherlock, who have been taken by some nefarious group.

a little disappointed.

This novel features once more the colourful members of the Athena Club, this time focused on finding Alice and Sherlock, who have been taken by some nefarious group. The dastardly plot is a good one and yet it left me wanting more, or rather something else. Itâ€™s as if all the ingredients were there but the end result wasnâ€™t what I expected. Nevertheless, this was still a fun and entertaining read and an amazing trilogy.
