What people Say:

Thomas George Phillips

An excellent account of the history at that time. It is well worth reading.

Gabriel Stein

This is a second excellent book by Adrian Philips (the first was about the Abdication Crisis). When I studied Modern History at Stockholm University in the 1970s, one of the books we had to read was Gilbert & Gott 'The Appeasers'. Phillips has made ample use of sources that have become available since, and produced a work which will be the standard work on appeasement for years to come. Above all, he conclusively shows that the argument that appeasement was a policy aimed at

This is a second excellent book by Adrian Philips (the first was about the Abdication Crisis). Phillips has made ample use of sources that have become available since, and produced a work which will be the standard work on appeasement for years to come. Above all, he conclusively shows that the argument that appeasement was a policy aimed at gaining time to build up Britain's strength, is a post-facto justification. The appeasers aimed at avoiding war

at any cost, and were determined to go to any length to achieve this, regardless of the consequences. It was a shameful, dishonourable and counterproductive policy then and it remains so now.
