I loved this dual timeline novel by Jaime Jo Wright! It wasn't as creepy as her previous works (and I mean creepy in the very best way) but was more of a puzzle, a cerebral and emotional journey that brings the reader face to face with the legacy grief can have, and with the hope that can overcome it. I especially enjoyed the development of Mumsie. Being able to see her character arc span decades brought a rich dimension and perspective to the tale. The ending was completely satisfying without

I loved this dual timeline novel by Jaime Jo Wright! It wasn't as creepy as her previous works (and I mean creepy in the very best way) but was more of a puzzle, a cerebral and emotional journey that brings the reader face to face with the legacy grief can have, and with the hope that can overcome it. I especially enjoyed the development of Mumsie. Being able to see her character arc span decades brought a rich dimension and perspective to the tale. The ending was completely satisfying without being artificially neat and tied with a bow. Those struggling with grief will find this a particularly meaningful read. And since none of us can escape grief at some point... that means all of us.

Deanne Patterson

Where's the option for more than five stars, I'd give it one hundred stars if I could .

How do I write a review for the best book I've read this year?

The dual time frame perfectly meshes old and new 70 years is but a drop in the bucket of time.

A 70 year cold case murder mystery begging to be solved , will there for justice for a young woman tragically murdered in the prime of her life.

70 years later a young woman fascinated with the historical case starts piecing together clues from the case and

How do I write a review for the best book I've read this year?

The dual time frame perfectly meshes old and new 70 years is but a drop in the bucket of time.

A 70 year cold case murder mystery begging to be solved , will there for justice for a young woman tragically murdered in the prime of her life.

70 years later a young woman fascinated with the historical case starts piecing together clues from the case and oh boy the family secrets she uncovers. Maybe the town wasn't as innocent as it seemed all those years ago. As we meet characters and the mystery deepens you will become engrossed in the story. Believe me the story will grip you and absolutely not let you go!

Aggie and Mumsie might be my favorite female duo EVER in a story!! I loved their characters so much and want to petition Hallmark Movies and Mysteries to make them an ongoing series!!

The twists and turns in this time split story will absolutely delight readers with the unique plot as well as tug on all the emotional strings as the mystery begins to unfold. I believe this is author, Jaime Jo Wright's, finest work and continues to make her my top recommendation for fans of historical, mystery,

Wright's, finest work and continues to make her my top recommendation for fans of historical, mystery, and time-slip stories!!

Lori

I think that this is the best book by Jamie Jo Wright ever!! Just wow!

Told by Imogene of the past and Aggie of the future. Almost had me confused but towards the end I began to figure it out! Just wowsers!!

Best story plot and wonderful characters that will keep you guessing until you can't believe who it is!

I really think the best part (well, maybe not best but still.....) was when Imogene's parents passed away within days of each other. I say this because it was a coincidence that my

I think that this is the best book by Jamie Jo Wright ever!! Just wow!

Told by Imogene of the past and Aggie of the future. Almost had me confused but towards the end I began to figure it out! Just wowsers!!

Best story plot and wonderful characters that will keep you guessing until you can't believe who it is!

I really think the best part (well, maybe not best but still.....) was when Imogene's parents passed away within days of each other. I say this because it was a coincidence that my grandparents did too. We had moved to Kentucky then and had to turn around and come back for grandpa's funeral. I guess that's what makes two people into one soul. I guess that's how you say it.

I finished this book at 2 a.m. in the morning because I wanted to see what happened next! Jamie didn't disappoint me! Not at all! I was hung onto every word of this mixture of weird but wonderful story!

Here's a quote I like and this is from Collin " Grief isn't wrong, but it can paralyze. It can thwart a life. A person can choose to let time stand still, and while they hold the pieces of the past, the hope of their future passes them by."

Susan

Jaime Jo Wright is skillful at crafting dual timeline mysteries. I can always count on her stories to provide enough suspense and creepiness to keep me turning the pages. She has an incredible talent of building the suspense in both storylines, weaving the threads of both into a masterpiece of intrigue.

While Echoes Among the Stones story centers around an unsolved murder from 1946, it is also a story of grieving, and how grief has a way of stealing future happiness if one lets it. Imogene's

Jaime Jo Wright is skillful at crafting dual timeline mysteries. I can always count on her stories to provide enough suspense and creepiness to keep me turning the pages. She has an incredible talent of building the suspense in both storylines, weaving the threads of both into a masterpiece of intrigue.

While Echoes Among the Stones story centers around an unsolved murder from 1946, it is also a story of grieving, and how grief has a way of stealing future happiness if one lets it. Imogene's granddaughter, Aggie, returns to present day Mill Valley. As she undertakes repairing their relationship, she also obtains a job at a local cemetery. She finds that someone in Mill Creek may be afraid that a natural catastrophe at the cemetery may reveal secrets that have been hidden for too long. Do these secrets have any connection to Aggie's family?

The inspirational threads included are realistic, not forced. Her characters are human, flawed, and at times doubting God's presence in their lives.

One of my favorite quotes from Echoes Among the stones:

"...don't let grief tie your years up into a lifetime of regrets. Let the good Lord take care of your aches and heal you. So that you don't miss out on the good- on the blessings He hides in the middle of all that hurting."

Wright's stellar writing provides just enough eeriness and danger, with classic goose-bump moments, that will have me eagerly anticipating her next novel.

I received a complimentary copy of this book from the author/publisher and was not required to write a positive review. All opinions expressed are mine.
