This reminded me of a Hercule Poirot story. It was a story of who done it! Someone was murdered and I had no idea who killed them. And things just got more mysterious with every page. I love this authors writing and I love the time period.

But having said that...This wasn't as romantic as I'd wished and parts of it dragged for me. Don't get me wrong, the writing was good and I'm always going to read every book she writes. I hope this was helpful.

This was a NETGALLEY gift and all opinions are my

I've just read my first book by Julie Klassen.

And, now I must collect everything sheâ€™s ever published!!

I LOVED this book! Just simply loved it!

is a well-crafted and perfectly-paced! Itâ€™s a story filled with wonderful, vivid characters and imagery. There are so many intriguing layers, twists and turns!

I canâ€™t say much more, becauseâ€™wellâ€™spoilers. But! One thingâ€™s for sure â€“ you wonâ€™t want to miss this page-turning mystery at its finest!

When lawyer Benjamin Booker and his senior partner Robert Harvey stumbles upon a crime scene, they are horrified the victim is longtime friend and company founder Percival Norris. The case seems connected to Isabella Wilder of Belle Island. Benjamin agrees to pay her a visit to investigate the murder under the cover of giving her legal advice.

The victim, Mr. Norris, has served as trustee of the Wilder estate in a way which increasingly worries and angers his charge Isabella. For the last ten years she has not left the island even once because she believes in a curse on her family. She is adamant on keeping everything as it is, stay on the island and run her willow basketry business as usual. Only trouble is, she has this strange and vivid dream of being present in the Wilderâ€™s town house at the time of the murder.

When Benjamin arrives at Belle Island, he is eager to both please his employer, Mr. Hardy, and regain confidence in himself after a very public and humiliating loss in court. He is trying to quietly dig up additional evidence in the murder case and figure out what Isabella has to do with it all. Could

it be she or another family member is the actual murderer?

This plot had great build up of tension. I was kept busy suspecting a number of characters of some kind of foul play throughout the story. When the victim is found I felt people of the house seem to act evasive and strange, which caught Ben's eye. Harsh weather conditions I felt added to the drama of the story too, as well as characters from Isabella's previous life entering the scene at this curious time.

The vivid writing of this story draws me into the plot. It feels like I'm actually there in the beautiful English hamlet Riverton with the old village church, thatch roofed cottages and the Thames River lazily floating by. I love the descriptions of life on the river at the time. A lot of activity seemed to be going on with fishing boats and net makers trying to make a living.

Weeping willow trees and lush greenery add to the lovely nature scene. I can almost hear birds chirping in the trees and feel the sun on my face, while I visualize the story. Who could imagine bad things happen in a beautiful place like this.

I found the menu descriptions of the dinner party at Belle Island as thorough as they were impressive. People really did know how to eat and party at the time. The dancing part an issue in it's own right.

The relationship between Isabella and Ben I felt grew slowly but surely amidst all the drama in a way that complimented the story without overpowering it.

Amanda

I have read many Julie Klassen novels and was overjoyed when I received The Bridge to Belle Island by Julie Klassen. This book introduces a lawyer named Benjamin Booker who experiences a detrimental loss in his career. So now, he has trust issues, particularly with beautiful women. When he and his mentor discover that an old partner has been found murdered, they are determined to bring the culprit to justice. The evidence leads them to Isabelle Wilder on Belle Island. Isabelle has experienced so

I have read many Julie Klassen novels and was overjoyed when I received The Bridge to Belle Island by Julie Klassen. This book introduces a lawyer named Benjamin Booker who experiences a detrimental loss in his career. So now, he has trust issues, particularly with beautiful women. When he and his mentor discover that an old partner has been found murdered, they are determined to bring the culprit to justice. The evidence leads them to Isabelle Wilder on Belle Island. Isabelle has experienced so much tragedy in her life that she has not left her island in 10 years. Or has she?

Evidence points to her, but she is adamant that she is innocent. Can Benjamin believe her? Or is he too trusting? If she is innocent, then who committed the murder?

I have always enjoyed Julie Klassen novels but this one is just on another level! There is a wonderful romance story and historical aspect, but the murder mystery just adds so much more. It is complex and I was trying to solve the murder as I was reading. It was not predictable either, which is huge for me! The moment I picked up the book, I did not want to put it down. The characters feel so real and engaging. In fact, I could really relate to both Benjamin and Isabelle. Benjamin struggles with vertigo and Isabelle struggles with severe anxiety. Both of which, I struggle with. In fact, both put me in the hospital. So I could really relate to the fear and struggle they both experience. I really hope people can learn how debilitating both of these illnesses are.

The book touches on many themes, but the major one is forgiveness which really tugs at the heartstrings. Isabelle is such a darling character and watching her rise above and care for those around her and forgive those who hurt her the most. Then seeing Benjamin deal with learning to trust again is beautiful as well. Those who enjoy inspirational historical fiction will love this book and those who love a good mystery won't be disappointed either! This book deserves 5 out of 5 stars!

Thank you to Julie Klassen, Bethany House, and NetGalley for a copy of the book!

Hannah

Say what? Julie Klassen wrote a murder mystery? I couldn't wait to get my hands on a copy and I loved every minute of this beautiful story. It's atmospheric and broody.

Our heroine has been trapped on the island for years with a sort of agoraphobia that prevents her from crossing the bridge to the mainland. She has made a good life for herself in spite of that, but it's breaking her heart that she will have to miss her beloved niece's wedding in London. At least she thinks that's her worst

Say what? Julie Klassen wrote a murder mystery? I couldn't wait to get my hands on a copy and I loved every minute of this beautiful story. It's atmospheric and broody.

Our heroine has been trapped on the island for years with a sort of agoraphobia that prevents her from crossing the bridge to the mainland. She has made a good life for herself in spite of that, but it's breaking her heart that she will have to miss her beloved niece's wedding in London. At least she thinks that's her worst trouble until Benjamin Booker shows up with news that the estate trustee was murdered in London and there's evidence she was present.

What follows is a delightful Golden-Age style mystery along with vivid characters and the tale of a country estate on the Thames. I really loved it that the romance was super low key and the mystery took first priority in the story.

Perfect for ages 14+

Thanks to the publisher and NetGalley for a free reading copy. A favorable review was not required.
