## What people Say:

### Julie Ehlers

I've only read a couple of Cecil Castellucci's books (

and

, to be specific) and I was kind of lukewarm on them, so I'm not sure why I was so on fire to read

. Fortunately, my instinct turned out to be correct: This was a SUPER FUN memoir-in-comics. It serves as both a coming-of-age tale of Castellucci's determination to live a creative life (or "art life," as she calls it) and a vibrant depiction of the art scenes in Manhattan in the 1980s and Montreal in

I've only read a couple of Cecil Castellucci's books (

. Fortunately, my instinct turned out to be correct: This was a SUPER FUN memoir-in-comics. It serves as both a coming-of-age tale of Castellucci's determination to live a creative life (or "art life," as she calls it) and a vibrant depiction of the art scenes in Manhattan in the 1980s and Montreal in the 1990s. The art is beautiful, bright and colorful, and the whole thing is (did I mention?) super fun, with the added bonus of gossipy tales of celebrities (Jennifer Aniston, Martha Plimpton, etc.) as teenagers. If you like comics centered around young females finding themselves,

is for you and you should check it out. You can thank me later!

### Mary McCoy

This is a very special book about what it means to be an artist, not just the follow-your-heart passion parts, but the harder parts as well: disappointment, frustration, the moments where your reach exceeds your grasp, and outright failure. But in this book, none of that is a tragedy or cause for bitterness. It's part of the journey, it's what constructs an artist's heart, and it's beautiful.

## **Kristin Boldon**

A good memoir, mixing science theory on memory with personal history of an artist's development. I found the multiple artists distracting. I would have preferred only 2 for the contrast. Four made it feel muddled.

## **Jaime**

This is just what I needed today. Such a great book about being an artist and what art means and producing art. Definitely going to be rereading this soon for more inspiration.
