Nora Watts, the considerably flawed, but still kick-ass PI from

(2017) and

(2018), is back and is taking her game on offense. Having survived a few too many attempts on her life, Nora is determined to track down the man who has it in for her, and take

down, one way or another, before he can kill her. More importantly, she is eager to see that her teenage daughter, the one she had given up for adoption at birth and only recently has had any relationship with, is removed from the playing field as a target and potential hostage. Her nemesis is Dao, the head of security for the uber-rich and powerful Zhang family, which Nora had seriously damaged in earlier volumes, and he has his own reasons for wanting her dead. His criminal connections give him global reach. No stress, no stress at all.

She finds allies in her quest. Bernard Lam is one, a billionaire who likes and is willing to finance Nora, but has an agenda of his own. Also along for the ride is Jon Brazuca, ex-cop, Nora's former AA sponsor (she's got issues, ok?), tough as nails, except when it comes to Nora. If PT Barnum was right, this guy must have been born many, many times. She

care for him, but, well, Nora.

Familiar faces from the former books take turns in the spotlight. Daughter Bonnie, and her adoptive parents, PI Leo Kruschnik, her former employer, Simone, her drag queen tech guru, biker baddies who provide some of the usual mayhem and poor sartorial choices, and a few new faces. Welcome back is Whisper, Nora's four-legged bff. Still not enough screen time for this bitch, though, IMHO.

No Going Back is the third instalment in the excellent Nora Watts series and although the first two books are well worth picking up it isn't essential to have read them before this one as the author provides plenty of backstory to get newcomers up to speed. Recovering alcoholic and flawed protagonist Nora is hot on the heels of the criminal who abducted her daughter Bonnie years earlier. Renowned in the criminal underworld the affluent Zhang family are the ones thought to be behind her kidnapping but in identifying, locating and bringing Bonnie home Nora has gained a powerful and ruthless enemy. Dao, a former member of the Zhang's security personnel and an enforcer for the brutal, merciless Chinese triads operating across the world, has placed a bounty on Nora's head and she knows he is not the type to be all talk and no action. She's in more danger than she's ever been in before and knows she will need help to stay alive. Enter Jon Brazuca, a private investigator and former police officer, and Bernard Lam, a local billionaire, but will they form an effective team against a criminal organisation with international reach?

Hopping between the Pacific Northwest and Southeast Asia, Kamal pens an exciting, action-packed and compulsive thriller and so ensues a tense high-stakes game of cat and mouse. It's well written, absorbing and moves at a quick pace making it almost impossible to put down; I finished it in a single sitting as I wanted to know what happened at the end and if Nora could escape the clutches of Dao and his co-conspirators. The author places you right in the middle of all the drama and sets the scene vividly regardless of where in the world the characters are. There is plenty to keep you guessing and on the edge of your seat and you really have to fasten your seatbelt as it is a wild ride from start to finish. Nora is a great character who grows with each instalment and she has really grown on me throughout the series. A highly entertaining and expertly crafted thriller with a cast of bold, larger than life characters who are both engaging and intriguing, if you enjoy adrenaline-fuelled showdowns then this is absolutely worth your time. Many thanks to Zaffre for an ARC.

I'm so blessed to get the chance to write Nora Watts again. No Going Back is essentially a showdown between Nora and a shadowy figure from her past. It takes us from the Pacific Northwest to Southeast Asia, and then back again. Writing it took a little chunk of my soul, which I think is in the book, actually.

No Going Back is the third novel in the Nora Watts series, and I highly recommend you read this series in order. This is not your typical domestic suspense series, but has a lot of emotions and depth. The characters in this series grow with each book. We get to know more about them and their background. No Going Back is the third novel in the Nora Watts series, and I highly recommend you read this series in order. This is not your typical domestic suspense series, but has a lot of emotions and depth. The characters in this series grow with each book. We get to know more about them and their background. In this book, Bonnie's (Nora's birth daughter) kidnapping comes back to be a danger to both Nora and her daughter. The only chance she has to defeat the danger is to go looking for it first. I felt like book two was more of emotion, while this novel was a lot of action. I enjoyed No Going Back but not as much as the first two books. That is not a bad thing, as I still rated it four stars. It was nice to get more of an action story in this one, as it felt like a break in the emotional rollercoaster. I hope there is more of Nora in the future, and am excited to see that Kamal also released a young adult novel earlier this year

. Both covers are gorgeous!
