This is presumably one of the most spectacular books of today as not only is it beautifully written by the author, but it is also prevalent in today's current events. This is an issue that the society has been striving to put an end to in the hopes of one day, racism will not ever grow and foster. We are all humans, despite our differences regardless of our skin color or ethnicity, at the end of the day, we are all the same and we deserve a peaceful world to live in where fear has no room for.

This book is truly invincible and unforgettable. It is a story of friendship, race, history, adventures, and one summer that impacted so many lives. The message of this book is extremely powerful. A must-read for all!

Well, my face is splotchy and my husband just asked "what happened? Are you okay?"

So yeah, you could say I felt this book.

It's bananas the torrent of emotions this book put me through...

Excitement, fear, whimsical giggles, anger, and some ugly cries.

I loved every second of it!!!

Do yourself a favour and read this book.

Much love to NetGalley and Smith Publicity for my DRC.

This is such a beautiful story. The plot revolves around Ethan and Juniper and their unforgettable summer in 1955.

Although I loved the book, I have a few issues. The writing of this author isn't very mature. I heard it's a Wattpad story. I think the author should have polished the book a little bit more before publishing. The sentence structure was poor and the word choice wasn't rich either. Also, Juniper's family issue wasn't focused much. It was mostly focused on Ethan and his struggle. I wo

The main issue I have with this book is the title because when I read the first chapter I immediately knew something bad happened to Juniper. It gave away the major plot twist. However, these issues can be overlooked because the plot is tragic and beautiful at the same time. Nonetheless, Its a story about friendship, innocence, and racism.
